PREFACE.

In submitting the Directory of the Counties of Leeds, Grenville, Lanark and Renfrew, to its numerous patrons and the public generally, the publisher is desirous of returning his sincere thanks to the community for the uniform courtesy which was extended to his agents and himself during the canvass, and also for the very liberal support which he has received. The correct compilation of a work of this kind, even if it be no larger than the present one, is a matter of no small difficulty, for errors, both of omission and commission, will take place, nor will the utmost vigilance prevent their occurrence. Perfection, so hard of attainment, in any branch of industry, is particularly so in the publication of Directories. Of course it is not claimed in the present case, but as every effort, which time and opportunity would permit, has been made to ensure that exact precision which is so much to be desired, it is hoped, nay, confidently believed, that the general accuracy of this work cannot be questioned.

O L. FULLER,

Publisher.

BROCKVILLE.

On the north shore of the beautiful River St. Lawrence, at the foot of the thousand islands and surrounded by scenery of the most picturesque character, is located the important and thriving town of Brockville. It is situated in the Township of Elizabeth, County of Leeds, and is the capital of the United Counties of Leeds and Grenville. The town is well built, the buildings being mostly of stone or brick, while the streets are straight, of a good width, and, with a few exceptions, cross each other at right angles. The public buildings are numerous, and impress one with the conviction that the community who were instrumental in their construction must have been sufficiently wealthy to have disregarded, to a great extent, the question of cost. During the season of navigation all the steamers plying between Montreal, Kingston, Toronto, and Hamilton stop at Brockville daily. It is also a station on the Grand Trunk Railway, and the terminus of the Brockville and Ottawa Railway, by which it is connected with Perth and the back country generally.

Brockville is a port of entry, and the amount of trade carried on there is shown by the following figures. The exports for the year ending June 30th, 1865, amounted to $180,658, and the imports for the same period were of the value of $268,790, while the duties collected were $10,973. For the half-year ending December 31st, 1865, the first mentioned amounted to $414,130; the second to $112,114; and the last to $3,096.73. The facilities which the town possesses for the importation of merchandise gives its business men a decided advantage, and enables them to sell goods at a very low figure. Among the principal merchants of the place are the following:—

George Reid, importer and wholesale and retail dealer in Hardware. Mr. Reid is the only merchant in Brockville who deals exclusively in this class of goods, and his stock is the largest of any in this section of the country. He is enabled, therefore, to offer superior inducements to country buyers.

Hope & Childs.—This firm has been established since the year 1852. Their place of business is situated on Main Street, No. 129, and they are manufacturers and wholesale and retail dealers in Boots and Shoes. Their trade is more extensive than that of any similar house in this part of the Province. Moreover, in consequence of their excellent business connections in Montreal they are able to sell at a very low figure. Dealers throughout the country should make a note of this.

The Medical Hall, 111 Main Street.—This is a first class establishment, and second to none in the United Counties. The proprietor, Mr. James Hawkes, being a direct importer, is able to offer great inducements to wholesale and retail buyers. The dispensary department is ably conducted, and all prescriptions and family recipes are carefully prepared under the immediate superintendence of the principal.

The Old Tea and Coffee Warehouse, is probably known to most residents of this part of the country. The proprietor, Mr. Edward Lawless, occupies the extensive premises, No. 154 Main Street, and keeps one of the largest, if not the largest, stock of Groceries in the town. He carries on a large trade in Ales, Wines, and in fact all kinds of Liquors, and offers them to buyers at the lowest wholesale rates.

Starr, Brothers.—The Steam Confectionery and Biscuit Establishment, No. 131 Main Street. This enterprising firm is of the most extensive character, and outside of the cities is not equalled in the Provinces. The style in which they get up their goods cannot be surpassed. In truth, very few houses are able to compete with them at all. At the last Provincial Exhibition, held at London, C. W., they carried off the first prize against six city competitors.

Allan Turner & Co.—This firm enjoys an excellent reputation for the articles turned out by them. Their White Leads and Colored Paints need only to be used to be appreciated. They also manufacture a large quantity of genuine Linseed Oil Putty, and their Cream of Tartar, Spices, and other articles, are accepted as first-class. Their power consists of a very handsome fifteen horse power steam engine, with a quantity of such other machinery as is required for the prosecution of their business.

International Gallery.—This Gallery is elegantly fitted up with all the newest improvements which appertain to the Photographic Art. The proprietor, Mr. A. C. McIntyre, has carried on this business in Brockville for the last thirteen years. The reputation

which his Pictures have obtained for beauty and correctness of expression, is as extended as it is truthful.

Wilmot H. Cole, manufacturer of, and wholesale and retail dealer in Tin, Iron and Copper Ware. Mr. Cole's place of business is No. 48 Main Street. Besides dealing in the above enumerated articles, he has always on hand a large assortment of Box, Parlor and Cooking Stoves, which are obtained from the best manufactories in the country. From his long experience and the facilities he possesses, he never fails to give satisfaction to those who favour him with a call.

Edward Overell, 102 Main Street—Wholesale and retail dealer in Books, Stationery, Room Papers, Berlin Wools, Toys and Fancy Goods. His stock is large, and embraces a full assortment of the various descriptions of goods belonging to the different branches of his business. He pays particular attention to the ordering of Books, Music, and other articles, either from England or the United States.

John McElhinny.—The Steam Furniture Manufactory of Mr. McElhinny is situated at No. 193 Main Street, east of the Market Square. His Warerooms are likewise here, and also at No. 128 of the same Street. His establishment is by far the largest of its kind in the United Counties, and indeed it is but seldom one of the same magnitude is seen in any part of the country. The stock of Furniture he exhibits is immense, and offers to the purchaser an exceedingly great variety from which to make his selection.

One of the largest firms in Brockville is that of McMullen & Co. These gentlemen are extensive importers of Books, Stationery, Paper Hangings, and special lines of Hardware, from England, Scotland and Germany, and do a good wholesale business. They occupy spacious premises, 128 by 33 feet, built by themselves, on Main Street, opposite the Willson House. Their retail store is 100 feet deep, and their wholesale warerooms are quite extensive. Their stock is always large and well assorted, and country merchants who do anything in their line will find it to their advantage to deal with them.

Lancelot de Carle, proprietor of the Central Canada Marble and Stone Works, No. 8 Railroad street. Mr. de Carle is a true artist, and the work turned out from his establishment is celebrated for its delicacy and fine workmanship. He has few equals, and probably no superiors in the Province, and having devoted

much of his attention to Church Decorating, is prepared to furnish, on application, illuminated texts of various designs.

A. G. Cole, No. 128 Main Street. Mr. Cole is a Photographic Artist and occupies spacious and well fitted-up rooms. Among other varieties he is prepared to furnish the justly celebrated Porcelain Pictures, which are said to be the finest productions which ever came from the Camera. Persons visiting his gallery will meet with every attention, and as his pictures are first-class, will go away perfectly satisfied.

Brockville contains superior Hotel accommodation. The St. Lawrence Hall, situated on the corner of Railway and Church Streets, enjoys a very large portion of the patronage of the travelling community, and in consequence of the efficient manner in which is conducted, it is well worthy of it. The Willson House, and the International Hotel, are also both first-class Houses

INTERNATIONAL GALLERY,

Main Street, opp. New Market House,

BROCKVILLE.

The subscriber, thankful for past favors, and in order to meet the public demand, has

OPENED AN INTERNATIONAL GALLERY

In connection with his

PHOTORAPHING ROOMS,

COURT HOUSE AVENUE,

In the Premises,

West Corner of Market and Main Streets, opposite the New Market Building.

The new rooms have been elegantly fitted up with all the newest improvements, and first-class Pictures, life size, plain or colored, by the best artists in Canada, can be obtained on short notice, his two-fold establishment giving facilities never possessed before in Brockville.

The new rooms can be entered from the rear of the building on Market street by a private entrance, without the trouble of going up stairs by the front on Main street. This enables invalids to have Pictures taken without toil or fatigue.

The subscriber does not require to speak of the beauty or correctness of his Pictures, a business residence in Brockville of thirteen years has rendered this unnecessary.

Those who may wish to see the subscriber personally, will find him in his new rooms from nine in the morning till three in the afternoon. Before or after these hours he will be found at his establishment, corner of Court House Avenue, the working of which will be carried on by competent artists.

PERTH.

Perth is built on the river Tay, and is situated in the Township of Drummond, County of Lanark, South Riding. Until quite recently it was the County Town of the United Counties of Lanark and Renfrew, but owing to the separation of the last from the previously mentioned one, it is now the capital of Lanark only, while Pembroke has been chosen for the metropolis of Renfrew.

The township in which Perth is located was founded by the Government, and was settled for the most part by retired British officers. The town is well and regularly laid out, possesses many fine edifices, and enjoys the advantage of being the emporium of a large extent of country, which is both an excellent agricultural, and a wealthy one.

Perth contains a large number of mercantile establishments, one of which is that of John S. Coombs, Foster street, apothecary and druggist, and importer of genuine drugs, medicines, chemicals, perfumery, toilet articles, paints, oils, dye-stuffs, spices, and in fact, every article appertaining to a first-class business, of the nature of that in which he is engaged. His facilities for buying to advantage being unsurpassed, he is enabled to supply the country trade at the lowest wholesale rates.

There are three good weekly papers published in the town, and its hotel accommodation, though not on the whole equal to that of many places of a similar size, is still very fair. The principal hotel is the Lewis House, than which there is not a better in the Counties. It enjoys a great portion, in fact almost all, of the patronage of the travelling community.

Perth is distant from Admaston, 65 miles; Almonte, 26 miles; Appleton, 25 miles; Arnprior, 50 miles; Bagot, 54 miles; Balderson, 6 miles; Bennie's Corners, 30 miles; Burnstown, 49 miles; Carleton Place, 21 miles; Cedar Hill, 30 miles; Clayton, 23 miles; Douglas, 75 miles; Ferguson's Falls, 12 miles; Forester's Falls, 80 miles; Franktown, 15 miles; Hopetown, 18 miles; Lanark, 12 miles; McDonald's Corners, 20 miles; Middleville, 18 miles; Montague, 20 miles; Packenham, 36 miles;

PRESCOTT.

An incorporated Town, in the Township of Augusta, County of Grenville, South Riding. It is situated on the River St. Lawrence, about twelve miles below the celebrated Thousand Islands, and directly opposite the flourishing Town of Ogdensburg, N. Y. Prescott is a station on the Grand Trunk Railway, and the terminus of the Ottawa and Prescott Railway. During the season of navigation the Royal Mail Line of steamers running between Montreal and Hamilton touch here daily, and there are two ferry boats continually employed in the traffic between Prescott and the thriving American Town on the opposite side of the river. The Town is very regularly laid out in squares, and has some fine buildings, chief of which is the English Church. It is distant from Brockville, the County Town of Leeds and Grenville, 12 miles; Ottawa, the capital of Canada, 45 miles; Kingston, 85 miles; Montreal, 113 miles; Quebec, 282 miles; London, 298 miles; Chatham, 362 miles; and Windsor, opposite Detroit, 405 miles. DR. J. S. JONES,

Dental Surgeon,

Respectfully returns his sincere thanks to the inhabitants of PRESCOTT and vicinity, for the liberal patronage extended to him for the past 15 years. DR. J. may be found as usual, at his Office at all times, except during the Summer months, June, July and August, when he will be absent at other places, professionally.

Parties requiring the Doctor's advice had better call as soon as possible

All operations promptly performed in filling the Teeth with GOLD or SILVER FOIL and the different kinds of Cements. Also, the very best PRIZE ARTIFICIAL BLOCK GUM TEETH, inserted, from one to a full set, on Gold, Silver, or Vulcanized Rubber Base, unsurpassed in beauty, use, and artistic style of finish.

DR. JONES would particularly call attention to his celebrated GOLD CENTRE ATTACHMENTS in Upper Rubber Sets of Teeth, which is now acknowledged to be the only Safe and Reliable way of mounting Upper Sets of Teeth on the Rubber Base. Also Dr. Jones' GOLD CLASPS and GOLD POINTS ATTACHMENTS in parts of sets of one or more Teeth on the Rubber Base, superseding the large, clumsy, and loose Suction Rubber Plates covering the whole roof of the mouth, now commonly used, by small, neat, comfortable tight-fitting PLATES, a wonderful improvement and a *desideratum* for all wearing Partial Sets of Teeth.

DR. JONES would ask all requiring

ARTIFICIAL TEETH

To call before going elsewhere and examine his numerous specimens on hand, and judge for themselves.

PARTICULAR ATTENTION GIVEN TO THE REGULATION OF CHILDREN'S TEETH

And the Cleansing of the Natural Teeth.

The Natural Teeth Extracted in a skilful manner, with or without the use of Chloroform.

ALL OPERATIONS WARRANTED. ☞ CHARGES REASONABLE.

CONSULTATIONS FREE.

SMITH'S FALLS.

An incorporated and thriving village, advantageously situated on the Rideau Canal, and a station on the Brockville and Ottawa Railway. It is located in the Township of Elmsley, and County of Lanark. Its position on the Canal brings it in direct water communication with Ottawa, the Capital of Canada, and Montreal, the commercial metropolis of the Provinces. Smith's Falls possesses a good water power, and contains some fine manufacturing establishments, amongst which are those of G. M. Cossitt & Bro., Frost & Wood, William Williamson, &c.

G. M. Cossitt & Bro. are the proprietors of the "Rideau Foundry and Agricultural Works" and manufacture all kinds of agricultural implements, iron water wheels, circular sawing machines, shingle machines, and all descriptions of mill work. The Rideau Foundry was erected in 1858, and has been in successful operation since that period. The building is 100 feet by 40 feet, and is three stories in height. In connection with the Foundry, this enterprising firm have an extensive Planing Mill, where lumber of every variety is planed and matched. G. M. Cossitt & Bro. have also, situated within a few rods of the above, a large Saw Mill, in which they manufacture immense quantities of lumber for the American market. The whole of their machinery is driven by water power.

Frost & Wood.—The well-known Foundry and Agricultural Works of this firm is one of the most important and longest established in the County. They occupy convenient premises, on the bank of the Rideau Canal. Their buildings are mostly substantial stone structures. The one nearest the Canal is 50 feet by 120 feet, and two stories high. The front half is used as a moulding room, and has attached to it a wooden building, 40 feet by 60 feet, in which castings are cleaned, and coal and wood stored. In the rear of the moulding room is the machine shop, which is handsomely fitted up, and well supplied with lathes, planers, drills and other machinery. In the same building, up stairs, all the wood work required for their machines is cut, finished, and put together. When this is accomplished they are removed to a warehouse, two stories and a half high, and 36 feet by 100 feet, where they are painted and otherwise got ready for sale.

The Messrs. Frost & Wood are largely engaged in the manufacture of the "Buckeye" reaper and mower, improved threshing machines, cross-cut sawing machines, for sawing logs in the woods, steel ploughs. &c. These articles of their make are so well known, and extensively used, that little need be said in relation to them. By a combination of the best material and workmanship they have obtained a first-class reputation. This firm also possesses superior facilities for executing mill castings, and other general work, as they have a large stock of patterns, good machinery and experienced workmen. Besides the establishments we have briefly alluded to, there are several other considerable manufacturies at Smith's Falls, but want of space will not permit of their being mentioned. The village is distant from Perth, the County Town, 12 miles, and from Brockville, 26 miles. Its population is about 1600.

The Celebrated Buckeye Mower and Reaper,

Also, 8 and 10 Horse Power Threshing Machines, with Separators and Cleaners. Two Horse Tread Powers, with Wheeler's combined Thresher and Cleaner,

AND ALL KINDS OF

AGRICULTURAL IMPLEMENTS,

We beg to call particular attention to our New and Improved Circular Sawing Machines with Screw or Lever Set, capable of sawing 1000 feet of lumber per hour. Also a New and Improved Iron Shingle Machine, superior to any now in use.

We would also call the attention of Millwrights and Mill Owners to our New Portable Wrought Iron Central discharge Water Wheel which is warranted to do more work, with less water than any other Water Wheel ever made. Some of the advantages we claim over other Wheels are:

1. A greater amount of power obtained from the quantity of water used.
2. Is not liable to be affected in the least by ice.
3. Being portable, is easy put up and at little expense.
4. Is not materially affected by back water.
5. Is not liable to get out of repair.
6. Is cheaper and more durable.
7. Is adapted to high as well as low heads.
8. It is the steadiest running, and easiest regulated wheel now in use.

Grist & Saw Mill Castings, & Mill Gearing,

Of every description made to order, at short notice.

ALMONTE.

Almonte is a station on the Brockville and Ottawa Railway, is situated in the Township of Ramsay, and County of Lanark. It is built on both banks of the River Mississippi, which is a fine wide stream, and furnishes it with one of the best water-powers in the Provinces. This village is, beyond doubt, one of the most thriving and progressive in Canada, and, so far as present indications go, is destined to become a town of no inconsiderable importance. Amongst its manufactories are a sash, door and blind, and three woollen factories, shingle, flour, grist, and saw mills. The principal woollen factories are those of B. & W. Rosamond & Co., which deserve to be classed with the finest in the country. This firm already have two establishents of this kind in Almonte, and they are now building another in the village, which will give constant employment to about two hundred persons, and contain some ten or twelve sets of machinery.

Almonte is distant from Perth, the County Town, 26 miles; Brockville, 53 miles; Chatham, 439 miles; Collingwood, 357 miles; Cornwall, 110 miles; Goderich, 393 miles; Hamilton, 299 miles; Kingston, 101 miles; London, 375 miles; Montreal, 178 miles; Niagara Falls, 334 miles; Ottawa, 35 miles; Port Hope, 258 miles; Prescott, 65 miles; Quebec, 347 miles; St. Catharines, 331 miles; Toronto, 261 miles; and Windsor, 482 miles. These distances, with the exception of Ottawa, are all by Railway. The population of the village is about 1400, and is rapidly increasing.

ARNPRIOR.

An incorporated and thriving village, situated on the Ottawa, and at the mouth of the Madawaska River, in the vicinity of the Chats Lake, Township of McNab, and County of Renfrew. It was first settled about the year 1824, but it was not regularly laid out until a period of twenty-seven years had transpired from that date, when, or very shortly after, it began to assume the appearance of a flourishing village. From that time—1851—its progress in wealth and population has been unusually rapid. The river Madawaska furnishes it with a superior water power. On this stream are located the grist, flour, and saw mills of D. McLachlan, Esq., the last mentioned of which, is said to be the most complete and finest structure of its kind in the Province. The regularity with which the village is laid out, together with the pleasing scenery by which it is surrounded, renders its appearance unusually attractive. Arnprior is a station on the Brockville and Ottawa Railway. At present, this road is only open as far as Sand Point, a small village of some fifty inhabitants, distant from Ottawa 48 miles. It is expected that during the current year, and probably before the fall, active operations will be commenced for its completion to that city.

Arnprior is distant from Almonte, 40 miles; Brockville, 92 miles; Carleton Place, 46 miles; Hamilton, 338 miles; Kingston, 140 miles; London, 414 miles; Montreal, 217 miles; Niagara Falls, 383 miles; Ottawa 40 miles; Pembroke, the County Town, 50 miles; Perth, 50 miles; Quebec, 388 miles; Renfrew, 21 miles; Toronto, 300 miles; and Windsor, 521 miles. These distances, with the three exceptions of Ottawa, Pembroke and Renfrew, are by rail.

The population of the village is about 1025.

RENFREW.

An incorporated village situated in the Township of Horton and County of Renfrew, at the second chute of the Bonnechere, about nine miles from its confluence with the Ottawa. At Renfrew the river has a fall of about one hundred feet, in a succession of cascades, over a bed of white limestone. In consequence of this the village possesses the advantage—no mean one—of having one of the finest water powers in the Province. It is situated in a fine, healthy, wheat growing country, and because of the excellent agricultural district by which it is surrounded, will always command a good local trade. Consequent upon the separation of the County of Renfrew from that of Lanark, it was expected by not a few of the inhabitants of the County, that Renfrew would be made its capital, but as Pembroke has been fixed upon for the County Seat, these expectations, like a great many others, were not realized. Had this place been selected it would certainly have been of vast advantage to it, as it would have caused, as everybody knows, without being told, a considerable addition to its population, a large increase in its business, and a proportionate rise in the value of its real estate. Up to the present time Renfrew has been both progressive and flourishing, and, as there are no reasons to the contrary, it will in all probability, continue to be characterized by its present spirit of advancement and enterprize.

PEMBROKE.

The County Town of the County of Renfrew is situated on Lake Allumette, the waters of which may be said to be part of the Ottawa, in the Township of Pembroke and County of Renfrew. Less than thirty years ago the ground on which it is built was a perfect wilderness. In 1840 it was laid out by Alexander Moffat, Esq., and within the short period which has elapsed since that date, it has become the capital of one of the largest Counties in the Canadas. Its location is very pleasant, being, as before mentioned, on Lake Allumette, a beautiful sheet of water, presenting from its varied landscape, in conjunction with the fine surrounding scenery, a view such as is not often beheld, either in this or other countries. Pembroke is the depot from whence the provisions required for the sustenance of the large number of men engaged in the lumber business in it, and in its environs, are obtained. Its trade therefore, which is good at all times, is especially so in winter, and equals if it does not surpass, that of any place of the same size in the Provinces. There are quite a number of good stores in it, among others we mention the following:

S. E. Mitchell, importer, of Books and Stationery, Room and Wall Papers, &c. If there was not a Book Store in Pembroke, the want of it would be felt as a serious inconvenience by the residents of the County, as it would subject them to no slight trouble in obtaining their reading matter from quite a distance. But as it is they can procure all the standard publications of the day, in Theology, Science, the Arts, Light Reading, and so forth, at the establishment of which we are now speaking, whose aim is to put in circulation that class of Books which is the direct opposite of that profuse and trashy "yellow-covered literature," the best part of which, like the hand-bills of some shows, are the titles. He, who endeavors to expel them from the market, is laboring for an end, the accomplishment of which would be of inestimable service to the community.

Z. Halpenny, wholesale and retail dealer in Dry Goods, Groceries, Provisions, &c. Mr. Halpenny's business is, in fact, of a general character, embracing all that large variety of articles which it is customary to find in a first-class country store. He does an extensive trade, and as a natural consequence is enabled to sell at a very low figure.

John E. Dougherty, Grocer, Provision Dealer, and Wine and Spirit Merchant. Mr. Dougherty shows a good stock, and his

assortment in Wines and Liquors is both general and complete. Had we space, and did time permit, we would like to enumerate more fully, several other establishments, such as those of Cunningham & Flannery, and Thomas Clarke, the first of whom are General Dealers, and the last a Dry Goods Merchant; Charles B. Whelan, Watchmaker and Jeweller; Hugh Fraser and D. Young, Carriage Manufacturers; John G. Cormack, Druggist and Apothecary, and several others. As it is, however, this brief and hasty mention of them must suffice.

In the neighborhood of Pembroke are quarries of lime and free stone. The County Buildings on Pembroke Street are built partly of the one, and partly of the other. In other words, the Jail is built of limestone, and the Court House, in which is contained the County Offices, of freestone, obtained at Hawley's Island, which is situated at the entrance of the Alumette Rapids, on the Ottawa River, about three miles from the Town. The cost of the buildings was fifty thousand dollars.

Pembroke is the contemplated terminus of the Brockville and Ottawa Railway. It is distant from Arnprior, 50 miles; Brockville, 142 miles; Chatham; 533 miles; Eganville, 23 miles; Guelph, 402 miles; Hamilton, 393 miles; Kingston, 190 miles; Liverpool, 3197 miles; London, 469 miles; Montreal, 267 miles; Niagara Falls, 438 miles; Ottawa, 87 miles; Petewawa, 10 miles; Portland, Maine, 559 miles; Prescott, 154 miles; Quebec, 447 miles; Sandpoint, 48 miles; St. Catharines, 425 miles; Toronto, 355 miles; Westmeath, 14 miles; and Windsor, 578 miles. Its population, within the corporation is about 1000, but including Campbelltown, or the lower town, which stands in the relation of a suburb to Pembroke, it numbers over 1150.

LANARK.

An incorporated village, situated in the Township and County of Lanark. It is built on the River Clyde, which is a tributary of the Mississippi, and empties into it about two miles below the village. Lanark has a very good local trade, but its principal business is that of lumbering, which is carried on to a considerable extent. It possesses good water privileges, and in appearance compares favorably with most places of the same size in the Province, its location being pleasant, and its buildings of a more than usually good order. Lanark is distant from Perth, the County Town, 12 miles; Brockville, 50 miles; and Ottawa, 55 miles. Population about 650.

MERRICKVILLE.

An incorporated village situated on the Rideau Canal, in the Township of Wolford, and County of Grenville. It possesses good water privileges, and contains several somewhat extensive manufactories. At one time, and not many years ago either, it was one of the most brisk business places in the Province of Upper Canada; it would be scarcely true to say that it is so now, although, in the course of time it may, and probably will, recover its former position. It is distant from Brockville, the County Town, 30 miles, and from Perth 26 miles. Population about 900.

GANANOQUE.

An incorporated village, and port of entry, situated in the Township of Leeds, and County of the same name. The scenery in its vicinity is beautiful in the extreme, and the view which is obtained from this point of the far-famed Thousand Islands, beggars description; it must be seen to be appreciated.

Gananoque is within two miles of a station on the Grand Trunk Railway, and during the season of navigation, the steamers running between Montreal and Hamilton, call at it daily, on their way up and down the river. From a manufacturing point of view it is entitled to no inconsiderable rank, being in this respect, one of the foremost places in the Upper Province. Its hotel accommodation is very good, one of the principal being the Albion, this house is very extensively patronized by the travelling community and has the reputation of being a first-class house in every particular.

Gananoque is distant from Brockville, the County Town, 30 miles; Kingston, 18 miles; and from Montreal, 155 miles; its population is about 1500.

LYN.

The thriving and progressive village of Lyn is situated in the Township of Elizabethtown, and County of Leeds It is a station on the Grand Trunk Railway, and within the past eight years has exhibited the most marked improvement. The prosperity of the place is due, to a great extent, to the manufactories, for which James Cumming, Esq., is agent. These consist of a Spanish Sole Leather Tannery, a Boot and Shoe Factory, and a Flouring Mill, all of which are extensive establishments, and give employment to a large number of men. The first mentioned is one of the finest and most conveniently arranged buildings of its kind in the Province, and the leather manufactured in it is considered by the trade to be equal, perhaps superior, to any made in Upper Canada. The Boot and Shoe Factory is a recent addition to the business, and is sufficiently extensive in its character to require the constant services of some forty or fifty men. Apart from this, the local trade of the place is good, and in order to meet its requirements, its stores are commodious, and well stocked with all descriptions of merchandise. Among them is that of A. T. Trickey, Druggist and General Merchant. Mr. Trickey has been established in Lyn for about five years, and his large and constantly increasing trade, is pretty good evidence of the fact that close application to business and moderate charges will ever command that success which it justly merits. The village is distant from Brockville, the County Town, 6 miles, and has a population of about 700.

Courts of Law.

COURT OF ERROR AND APPEAL.—Constituted for the hearing of appeals in civil cases from the Courts of Queen's Bench, Chancery and Common Pleas; and appeals in criminal cases from the Courts of Queen's Bench and Common Pleas. From the judgment of this Court, an appeal lies to her Majesty in Privy Council, in cases over £1,000, or where annual rent, fee, or future rights of any amount, are affected.

COURT OF IMPEACHMENT.—For the trial of Judges of County Courts in Upper Canada, under Con. Stat. U. C., cap. 14.

COURT OF QUEEN'S BENCH.—The jurisdiction of this Court extends to all manner of actions, causes and suits, criminal and civil, real, personal and mixed, within Upper Canada, and it may proceed in such, by such process and course as are provided by law, and as shall tend with justice and dispatch to determine the same; and may hear and determine all issues of law, and also with the inquest of twelve good and lawful men (except in cases otherwise provided for) try all issues of fact, and give judgment, and award execution, thereon, and also in matters which relate to the Queen's Revenue (including the condemation of contraband or smuggled goods) as may be done by Her Majesty's Superior Courts of Law in England.

COURT OF CHANCERY.—This Court has the like jurisdiction as the Court of Chancery in England, in cases of fraud, accident, trusts, executors, administrators, co-partnerships, account, mortgages, awards, dower, infants, idiots, lunatics and their estates, waste, specific performance, discovery, and to prevent multiplicity of suits, staying proceedings at law prosecuted against equity and good conscience, and may decree the issue, repeal or avoidance of letters patent, and generally the like powers which the Court of Chancery in England possesses to administer justice in all cases in which there is no adequate remedy at law.

COURT OF COMMON PLEAS.—This Court has the same powers and jurisdiction as a Court of Record, as the Court of Queen's Bench. Writs of summons and capias issue alternately from either court.

PRACTICE COURT AND CHAMBERS.—One of the Common Law Judges holds a Court during each Term, called the "Practice

Court," for hearing matters relating to the adding or justifying bail, discharging insolvent debtors, administering oaths, hearing and determining matters on motion, and making rules and orders in causes and business depending in either of said law courts. Chambers are held each day in Common Law and Chancery by one of the Judges of the said Courts, for such business relating to suits therein as may be transacted by a single Judge out of Court

Heir and Devisee Court.—Commissioners, the Judges of the Superior Courts, and such other persons as may be appointed by commission under the Great Seal. Their duties are to determine claims to lands in Upper Canada, for which no patent has issued from the Crown in favor of the proper claimants, whether as heirs, devisees or assignees. Sittings at Toronto, first Monday in January and July in each year.

County Courts.—Presided over by a resident Judge in each County. Their jurisdiction extends to all personal actions where the debt or damages claimed do not exceed £50; and to all suits relating to debt, covenant or contract, where the amount is ascertained by the acts of the parties or signature of the defendant, to £100; and to all bail bonds and recognizances of bail given in the County Court, to any amount; but not to cases involving the title to lands, validity of wills, or actions for libel, slander, crim. con., or seduction. An appeal lies to either of the Superior Courts of Law. These Courts also possess equity powers, to the amount of £50, subject to an appeal to Chancery.

Surrogate Courts.—The jurisdiction of these Courts relates to all testamentary matters and causes, and to the granting or revoking of probate of wills, and letters of administration of the effects of deceased persons having estate or effects in Upper Canada, and all matters arising out of or connected with the grant or revocation of probate or administration, subject to an appeal to the Court of Chancery. The County Judges are also Judges of the Surrogate Courts.

Courts of Quarter Sessions.—Chairman, the County Judge in each county, who, with one or more Justices of the Peace, holds a Court of Quarter Sessions in his county four times a year, for trials by jury in cases of felony and misdemeanor, but treason and capital felonies are exempted from their jurisdiction.

Recorder's Courts.—In the Cities of Toronto, Hamilton, London, Kingston and Ottawa, the Recorder's Court takes the

place of the County Sessions, the Justices for Counties having no jurisdiction in the Cities—the care of which is confided to the Recorder, Mayor, Aldermen, and Police Magistrate of each. Sessions held first Monday in March, June and September, and third Monday in December.

Insolvent Debtors' Courts.—By the "Insolvent Act of 1864," 27 & 28 Victoria, cap. 57, passed on the 30th June, 1864, provision is made "for the settlement of the estates of insolvent debtors, for giving effect to arrangements between them and their creditors, and for the punishment of fraud." In Lower Canada, this enactment applies to traders only. In Upper Canada, to all persons whether traders or non-traders. In these courts, the County Court Judge in each county presides—the only appointment made in pursuance of this statute being those of "official assignees," who are to be nominated "by the Board of Trade at any place, or the Council thereof, within the county or district in which such Board of Trade exists, or in any county or district adjacent thereto in which there is no Board of Trade." This important statute is proving a great boon to the community, in enabling parties who from unavoidable circumstances find themselves paralyzed by hopeless liability to obtain relief, and recommence business.

Division Courts.—For the summary disposal of cases by a Judge; but a jury of five persons may be demanded in certain cases. Their jurisdiction extends to actions of debt or contract amounting to £25; injuries or torts to personal chattels amount-to £10; but not to actions for gambling debts, liquors drunk in a tavern, or notes of hand given therefor, ejectment, title to land, &c., or any toll, custom or franchise, will or settlement, malicious prosecution, libel, slander, crim. con., seduction or breach of promise, or actions against a J. P. for anything done by him in the execution of his office, if he objects to it. Courts are held once in two months in each division, or oftener, at the discretion of the Judge. The Divisions are established by the Courts of Quarter Sessions.

TERMS OF THE COURTS.
